

Institutional Investor's Japan Investment Forum: September 4, 2014

Plenary Session: Japan's Revitalization Strategy: Expanding Regional and Global Opportunities

Shangri-La Ballroom

From a regional and global perspective, this session will explore a range of expanding investment opportunities existing within and outside of Japan. Whether through equities, bonds, real estate or transportation infrastructure, where and how are investors pursuing these opportunities? Additional attention will be paid to joint ventures, collaboration between Chinese and Japanese firms and institutionalization of opportunities.
